ACCOMPLISHMENT REPORT

JUNE 2020

ACTIVITY	Date Conducted	Place Conducted	Observations	Remarks
Wildlife Monitoring and Surveillance	June 2-3, 2020	Central Panay Mountain Range (CPMR) Sitio Calabang, Brgy. Iliacacan, Pandan, Antique	After an overnight monitoring/foot patrol conducted, no illegal activities observed on the area.	Since no illegal activities occurred in the area especially the reported slash and burn activity by a concerned citizen, the team decided to leave the area.
Wildlife Monitoring and Surveillance	June 4-5, 2020 June 9, 2020	Central Panay Mountain Range (CPMR) Brgy. Callan, Sebaste, Antique down to Brgy. Nauhon Sebaste, Antique	Spotted some portion of slash and burn activity.	The team coordinated with the Brgy. on duty that day and had a short talk regarding the status of their timbered area so they could pay attention to whoever was/is doing the said "kaingin".
Wildlife Monitoring and Surveillance	June 10, 2020 5:00 p.m	Brgy. Botbot, Pandan, Antique	1 dead Dolphin was found at the seashore of Brgy. Botbot. The dolphin measured 417cm length x 77cm width and about 400kgs.	Considering that the beached dolphin was already dead, the team together with the Brgy. Officials decided to dig and bury it.

Monitoring and Confiscation of forest products	7:55 p.m	Brgy.Botbot, Pandan, Antique	Confiscated a total of 225 bd.ft naturally grown timber locally known as "bacbacan" loaded on a tricycle without legal documents.	The team together with PNP Pandan, headed by PNP Chief Eugis, confiscated/apprehended a total of 225 bd. Ft. naturally grown timber loaded on a tricycle ready to transport without legal documents. The said timber and impounded tricycle was put under the custody of PNP Pandan for proper documentation and investigations.
Wildlife Monitoring and Surveillance	June 16-17-18, 2020	NorthWest Panay Peninsula Natural Park Brgy. Bulanao, Libertad, Antique	The team conducted 2 night foot patrols inside NPPNP. During the patrol, the team found some illegal snares intended for hunting warty pigs.	The team destroyed / dismantled snares for hunting warty pigs that were found during their foot patrol.
Release of 2 python snakes			2 python snakes (9kgs and 8.5 kgs) were turned over to PhilinCon office through Dr. Sanchez Jr., project Vet. By Mr. Antonio Rectra Jr of Brgy. Centro Sur, Pandan, Antique. The snakes were trapped in a fenced area, previously used for wild chickens and goats by the farm owner.	Two (2) python snakes were released back to the wild by the team near the Kenyang river inside NPPNP.

			<p>The team conducted river clean-up along Kenyang Falls and river, known to be one of the tourist spot of the brgy. Bulanao and Cubay.</p>	<p>The team collected different kinds of garbage like of plastic bags, junk food wrappers, bottles of rum, empty tins/canned goods etc. The team addressed this issue to the brgy. on duty when they came down from the operation.</p>
Wildlife Monitoring and Surveillance	June 22, 2020	Fragante, Pandan, Antique	<p>Four (4) Colasisi birds were turned over to PhilinCon office through Ms. Rhea Santillan by our PNP Pandan.</p>	<p>The said birds were released back to the wild at the mountain side area of Brgy. Fragante, Pandan, Antique.</p>
	June 23-25, 2020	NPPNP Brgy. Duyong to Brgy. Luhod-Bayang down to Sitio Atabay, Brgy. Patria, Pandan, Antique	<p>After an overnight foot patrol/monitoring and surveillance, no illegal activities found out on the area.</p>	<p>The team decided to leave the area after no illegal activities observed.</p>

ACCOMPLISHMENT REPORT

JULY 2020

	Date	Place Conducted	Observations	Remarks
Wildlife Monitoring , Foot patrol and Surveillance	July 9-11, 2020	NorthWest Panay Peninsula Natural Park (NPPNP) Brgy. Bulanao to Brgy. Inyawan, Lbertad, Antique	On the second day of foot patrol, the team found "kaingin" estimated about 3 hectares on 7 different patches, some on newly opened area. Some areas were planted with ginger, taro, cassava, bananas.	The team destroyed/ dismantled all snare traps close to the planted area. The team took pictures of all corners of the "kaingin" with GPS and decided to leave the area. The team also found snare traps and a bottle of poison intended for wildlife specifically monkeys and warty pigs.
Wildlife Monitoring and Surveillance	July 13, 2020	Brgy. Sta. Cruz, Pandan, Antique	2 male Visayan Hornbill "Tarictic" Were found freely flying at Brgy.	A concerned citizen came to Ms. Rhea's place and reported the 2 tarictic hornbills located at Brgy. Sta Cruz, Pandan, Antique. After a check, it was found that the tarictics were under the care of Mr. and Mrs. Arnold Banggalisan. Since they are not kept inside a cage, we did not confiscate the birds. We told them that from time to time the team will come and check on the status of the birds. If the team find out that they are not taking good care of them, the birds will be confiscated and put in the rescue center.
Wildlife Monitoring / Foot patrol and Surveillance	July 30, 2020	NorthWest Panay Peninsula Natural Park Brgy. Maramig, Libertad, Antique	After overnight foot patrol, monitoring and surveillance by the team, no illegal activity was observed on the area.	The team decided to leave the area since no illegal activities were observed and due to heavy rain overnight, the team came down to Maramig instead of the original plan to come down to Brgy. Cubay, Libertad.

ACCOMPLISHMENT REPORT

AUGUST 2020

ACTIVITY	Name of Personnel / Team Members	Date Conducted	Place Conducted	Observations	Remarks
Wildlife Monitoring, and Surveillance	Raymundo Alejandro Jr. Jose Matinong Elizalde Garzon Edmundo Narral Sr. Rhea Santillan Edgar Sucan Abraham Matinong Federico Antoy Jr.	August 3, 2020 Jesus Castillo Ronnie Silva Richard Riomalos Rene Santillan Blas Talde Alemar Mojeda	Mag-aba Rehabilitation and Rescue Facility Mag-aba, Pandan, Antique	1 juvenile Walden's Hornbill locally known as "Dulungan" was turned over by DENR-CENRO Culasi, Antique to PhilinCon through Dr. Sanchez Jr, project vet.	1 juvenile was turned over to PhilinCon and was put inside Mag-aba Rehabilitation and Rescue Facility to receive proper care under the supervision of Dr. Enrique Sanchez Jr. The dulungan was turned over by a concerned citizen of Brgy. Panigayan, Culasi, Antique to the DENR and then later turned over to PhilinCon. The Dulungan will be sent up to the Sibaliw Facility in preparation for its release back into the wild.

ACCOMPLISHMENTS REPORT

SEPTEMBER 23, 2020 and OCTOBER 2020

ACTIVITY	Date Conducted	Place Conducted	Observations	Remarks
Turn-over of Wildlife and Monitoring	September 23, 2020	Mag-aba Rehabilitation and Rescue Facility	Total of 9 birds were turned over to PhilinCon Rehab and Rescue facility by Mr. Denmark Guillermo of DENR CENRO-Culasi. The birds are: 2 Budgerigars 3 Lovebirds 2 Cockatiel 2 Pigeon	Turned over birds were brought to Mag-aba Rehabilitation and Rescue Facility to be checked by Dr. Sanchez Jr. The birds were released apart from the 2 cockatiels which are exotic species, Dr. Sanchez decided to keep them.
Coastal Clean-up	Sept 30, 2020	Brgy. Baybay to Brgy. Sta Fe, Pandan, Antique	NGO PhilinCon is one of the Civil Society Organizations Accredited by the Sangguniang Bayan who participated in the International Coastal Clean-up day & Civil Service Month headed by LGU Pandan.	Team PhilinCon Wildlife Enforcement Officers deputized by DENR joined the International Clean-up day & Civil Service Month headed by LGU-Pandan. We properly sorted and separated garbage that was collected.
Coastal and Reef Clean-up	October 02, 2020	Brgy. Patria, Pandan, Antique	The team joined the Coastal and Reef Clean-Up headed by the Pandan Water District. With us was PENRO Andres Untal, Mr. Miko Quillo of DENR CENRO-Culasi, SP Dimamay, Pandan Vice Mayor Gumboc, DepEd Pandan headed by their District Supervisor, Pandan Youth Development and divers from Pandan and Boracay Team.	Team PhilinCon Wildlife Enforcement Officers deputized by DENR joined the International Coastal and Reef Clean-Up, headed by Pandan Water District. We properly sorted and separated the garbage that was collected.

Turn-over and Monitoring of Wildlife	October 8, 2020	Brgy. Botbot, Pandan, Antique	1 Olive Ridley sea turtle was turned over by the DENR CENRO- Culasi personnel headed by Ms. Juvy Bacar. The said turtle had suspectedly eaten a fishing hook with nylon.	1 Olive Ridley sea turtle was turned over to PhilinCon for temporary safekeeping. anti-biotics and vitamins were injected by Dr. Sanchez, project vet and was then released back into its natural habitat the following day October 9, 2020 without a tag because no metal tags were available.
Coastal Clean-up and Mangrove tree planting	October 10-, 2020	Brgy. Mag-aba, Pandan, Antique	500 Bakhawan seedlings were planted out during Coastal Clean-up and Mangrove planting headed by Philippine Coastguard of Libertad, Antique.	The team joined in the coastal clean-up and mangrove planting headed by the Libertad based Philippine Coastguards together with LGU Pandan headed by Mayor John Sanchez and Mag-aba Brgy. Officials. We properly sorted and separated garbage that was collected.
Wildlife Monitoring and Surveillance	October 10-11, 2020	North West Panay Peninsula Natural Park Entering Brgy. Bulanao, Libertad, Antique	The team conducted monitoring and surveillance for two days and one night in North West Panay Peninsula Natural Park.	A tribute hike to Sibaliw Research Station w/n NPPNP was conducted in honor of Prof. Dr. Eberhard Curio, Founder and Scientific Adviser of PhilinCon. Forest Rangers. WEOs were joined by Vice Mayor Monmon Gumboc of LGU Pandan, PhilinCon board-members, DENR CENRO- Culasi and NPPNP BMS staff. After monitoring and surveillance for two days and one night there were no signs of illegal activities observed by the team. Instead, the team found many traces of warty pigs along the trails up to the Station.

Rehabilitation of Community-led School Seedling Nursery	October 21, 2020	Mag-aba National High School, Brgy. Mag-aba, Pandan, Antique	65 assorted native and fruits trees were donated to Mag-aba Nursery by PhilinCon. Specifically, seedlings were from the mini nursery of WEO Elizalde Garzon.	The team joined the demolition of the old nursery and putting up new nursery at Mag-aba National High School.
Turn-over and Rehabilitation of Wildlife	October 23, 2020	Mag-aba Rehabilitation and Rescue facility	1 male Philippine Macaque was turned over to PhilinCon by Mr. Joevalrey Pilarca of DENR CENRO-Culasi.	As the monkey was so tame, it was put temporarily in the Rehabilitation facility to be monitored by Dr. Sanchez Jr.
Wildlife monitoring and foot patrol surveillance	October 24, 2020	Brgy. Candari to Malumpati Head Spring, Brgy. Guia, Pandan, Antique	1 Philippine Macaque with an amputated right leg was found by a resident near Malumpati, Brgy. Guia, Pandan, Antique. The condition of two Visayan Tarictic Hornbills was checked in Brgy. Sta. Cruz, Pandan, Antique	The macaque was left in the custody of the owner as it was very aggressive even though its right leg was amputated. One of the Tarictics is molting but they are both in good condition and not caged.
Tree planting, monitoring and surveillance of wildlife	October 25, 2020	Cell sites at Brgy. Fragante, Pandan, Antique	35 different native trees were planted. (Narra, Red Laua-an and Almasiga)	The team together with some PhilinCon board members conducted tree planting of native trees after hike at Cell sites located at Brgy. Fragante, Pandan, Antique. LGU Vice Mayor Gumboc and Sangguniang Kabataan members participated and supported the tree planting. The team found some cattle in the area used as pastureland and intentional bark peeling of trees. The land is being converted to coconut plantation.

Installation of monument markers	October 30, 2020	Brgy. Talisay, Pandan, Antique	7 monuments were installed.	The team together with DENR Staffs successfully planted the 7 monument markers in the forest area of Brgy. Talisay, Pandan, Antique
Clean up and Repair of Wildlife Rehab and Quarantine Facility in Brgy. Bolanao, Libertad, Antique	October 31, 2020	Brgy. Bolanao, Libertad, Antique	The facility was untidy and needed clearing.	The facility is cleared of grass, shrubs and other unnecessary weeds.

ACCOMPLISHMENT REPORT

NOVEMBER and DECEMBER 2020

ACTIVITY	Date Conducted	Place Conducted	Observations	Remarks
Turn-over and Rehabilitation of Wildlife	November 9, 2020	Brgy. Buang, Pandan, Antique	1 monkey (female) was turned over to PhilinCon through WEO Jose Matinong by Ms. Merlita De Tomas.	The monkey was admitted to Mag-aba Rehabilitation and Rescue Facility for safe keeping under the care Dr. Enrique Sanchez Jr., project vet.
Blood donation	November 18, 2020	Brgy. Abiera, Sebaste, Antique	Donated blood to Philippine Red Cross held at Brgy. Abierra, Sebaste, Antique	The team as WEO and members of Philippine Navy Reservists donated blood led by the Philippine Red Cross.
Wildlife Monitoring and Foot patrol Surveillance	November 19-20, 2020	North West Panay Peninsula Natural Park	The team conducted overnight monitoring and surveillance within North West Panay Peninsula Natural Park entering Brgy. Bulanao, Libertad, Antique. Snares / traps were found and also hunters' camp.	Dismantling of the hunters' camp, and snares and traps for wildlife that were found were removed. The team also found dead birds (Viasayan tarctic Hornbill) along the trail. Cause of death might be due to bad weather.
Wildlife monitoring	December 1, 2020	Sitio Burabod, Brgy. Callan, Sebaste, Antique	Report received from concerned citizen about nesting area of Sea turtle.	Secured the nesting area to deter predators by putting up some fences using bamboo and coconut leaves. Informed the Brgy. Officials so they will also monitor the nesting area.

Tree planting and Wildlife Monitoring	December 04, 2020	Brgy. Idiacacan, Pandan, Antique	The team together with Philincon Members, Pandan Municipal Vice Mayor, Raymund Nonato Gumboc and his staff, planted out 42 seedlings (native trees and fruit trees) at Brgy Idiacacan.	42 seedlings of mixed native trees and fruits trees were planted beside National greening Program area at Brgy. Idiacacan. We found that some of the bamboo planted was eaten by cattle. Male Visayan, Tarictic Hornbill and Brahminy kite were seen and heard.
Tree planting and Wildlife Monitoring	December 5, 2020	Brgy. San Andres, Pandan, Antique	The team, together with Municipal Mayor, John Sanchez VI and the UPsilon Phi Sigma at Brgy. San Andres, Pandan, Antique.	200 seedlings of native trees were planted at Brgy. San Andres, Pandan, Antique
Wildlife monitoring, foot patrol and surveillance	December 6-7, 2020	North West Panay Peninsula Natural Park	The team conducted overnight foot patrol, monitoring and surveillance within North West Panay Peninsula Natural Park entering Brgy. Cubay, Libertad, Antique to Sitio San Juan, Brgy. San Roque, Libertad, Antique.	The team found 1 Narra tree (65cm diameter wide) that was cut down using a chainsaw about 5 days ago despite there being a MEMO prohibiting the use of chainsaws in the province of Antique. The timber was already removed. The team found some wood from the cut down tree, some in the river.
