@ 56 PhP/Euro = 2,345.00 Euro

Our Rangers are atm partly paid by one of our Partners, our Rescue Centers are atm temporarily closed until funding is found/secured. This request is mainly for the Research Station and Operations Manager. Atm, we have with our partner a study of “why do people poach” ongoing.

You are helping the rainforest by supporting our rangers as forest protectors, science, and the place to experience the rainforest and support local workplaces. Studies suggest that research stations have a positive effect on conservation: “Lower Deforestation, Protect Primates, and Increase Community Participation” <https://www.frontiersin.org/articles/10.3389/fenvs.2020.580724/full>

Thank you for your interest &

THANK YOU FOR SUPPORTING THE RAINFOREST
